Temple University Ambler
Summer Education Camps

REGISTER EARLY!
267.468.8500
Temple Ambler has been offering summer education camps for 25 years at our convenient suburban campus. Camps are available for kids, tweens, and teens between the ages of 8 and 17, during the months of June, July and August. Most camps are one-week, full-day camps that run Monday to Friday from 9 a.m. to 4 p.m., although some shorter camp sessions are also available.

The Temple University Ambler Summer Education Camps provide a wonderful opportunity for youth to learn about a specific area of interest, experience a college campus and have lots of fun at the same time.

Why Attend Temple University Ambler Summer Camps?

We asked parents and campers why they selected Temple University Ambler Summer Education Camps for their summer activities. Here’s what they said:

...Great selection of interesting camp topics
...Convenient location
...Flexible one-week camp offerings
...Good facilities and college campus experience

For more information about the TUA Summer Education Camps, call the Office of Non-Credit and Continuing Education at 267-468-8500.

Camps will include:

- Lego Mindstorms NXT Robotics – Beginner, Intermediate and Robot Battles
- Film and TV Camp
- Sports Journalism for Teens
- Music and Voice Production
- SeaPerch Robotics
- Create Your Own Cartoons and Comics
- Gamemaker
- American Girl Doll Camp
- Design and Sew Fashion Camp
- Introduction to Photoshop CS6
- Geocaching

And much more!

Register by phone 267-468-8500.
Register online at ambler.temple.edu/camps.
stories. Also, explore the emerging role of blogging and social media in sports journalism. Our student reporters will “attend” a sporting event (on DVD), ask questions at a mock press conference shortly after the game concludes, and file a story to the editor by deadline.

**Instructor:** Patrick Hoelzle
**Teacher,** Holy Ghost Preparatory School
9 a.m. to 4 p.m. • $249 (+ $20 materials fee)

**NEW**
**Design and Sew Fashion Camp (Ages 10 to 14)**
Learn to create and design a handbag or tote bag during this four-day camp. Campers will learn about the fashion industry, how to sketch designs, and how material, fabric and color can bring their designs to life. Campers will make a pattern, hand sew their project and design it to make it uniquely their own.

**Instructor:** Lori Glazer
**Art Institute of Philadelphia**
Instructor
9 a.m. to Noon • $155 (+ $10 materials fee)

**NOTE:** Sewing supplies list will be included with confirmation. Patterns will be supplied for each camper.

**NEW**
**Creativity and Movement Camp (Ages 8 to 12)**
Express yourself and explore your creative side! Learn fun and imaginative Yoga poses and games that will allow campers to exercise in a non-competitive environment. Through play, campers will increase strength, flexibility, focus and body awareness. Express your creativity through games, music, art and storytelling. Develop a love of yourself, both inside and out.

**Instructor:** Aliza Herman
**Teacher,** Upper Dublin School District
9 a.m. to Noon • $155 (+ $10 materials fee)

**NEW**
**Keep Calm and Get Crafting! (Ages 8 to 12)**
Discover your inner artist! This camp is all about creating your own wearable art pieces and incredible crafts to decorate your room. Create various jewelry, hair accessories, bags, purses and more using magazines, metal, buttons and fabric. Also, decorate your room with coasters, picture frames and other artwork that can be displayed using recycled goods.

**Instructor:** Aliza Herman
1 to 4 p.m. • $155 (+ $10 materials fee)

**Week of July 6, 2015**
(M-F, July 6 to 10)

**FSI: Forensic Science Investigation (Ages 13 to 16)**
Participate in exciting forensic investigations using laboratory techniques common in the forensics industry. You will work in biology and chemistry laboratories as well as take part in discussions led by forensic specialists. Topics include drug analysis, blood and DNA analysis, hair analysis, and ballistics. Campers will also be challenged to collect and analyze evidence to solve a mock crime.

**Instructor:** Seth Hogan
**Teacher,** Upper Dublin School District
9 a.m. to 4 p.m. • $325 (+ $20 comp. lab fee)

**Shoot for the Stars: Teen Leadership (Ages 13 to 17)**
This camp is designed for enthusiastic teens who are interested in developing leadership skills, realizing their potential, and developing a sense of purpose. Through hands-on activities, you will discover what leadership entails, learn the necessary skills to be a good leader, and identify your strengths. See how you can make a difference locally and nationally and practice being a good leader.

**Instructor:** Lauren Bullock
**MS Leadership Development Program Director,** Temple University
9 a.m. to 4 p.m. • $299 (+ $20 materials fee)

**Lego® Mindstorms™ NXT Robotics: Intermediate Level (Ages 10 to 14)**
Prerequisite: Lego® Mindstorms™ Robotics for Beginners, or equivalent knowledge. This camp introduces more advanced topics in building and programming robots. Campers will use the Lego® Mindstorms™ NXT Robotics to solve complex problems. Campers will combine software with hardware to create a robot that will advance its way through a series of situational problems.

**Instructor:** Seth Hogan
**Teacher,** Upper Dublin School District
9 a.m. to 4 p.m. • $325 (+ $20 comp. lab fee)
Webmasters – HTML (ages 10 to 14)

Learn how to design and build multimedia rich Web pages using HTML. Topics include the dos and don'ts of Web design; how to format text; add color, backgrounds and graphics; build links, tables, image maps and forms. Campers should bring headphones, a flash drive to show off your personal web site and a creative mind. Basic computer experience is required.

Instructor: Staff
9 a.m. to 4 p.m. • $299 (+ $20 comp. lab fee)

NEW
Solve This! (Ages 10 to 14)

Campers will learn about and apply problem solving abili-
ties in order to solve a various number of problems. Campers will have the opportunity to work on individual projects as well as work as part of a team in order to solve these problems within a limited time period. Have fun while building a sturdy model bridge or constructing a crash proof car and enjoy the sun while working on team building activities outside that will engage you both physically and mentally.

Instructor: Kyle Badman
Graduate Student, Marywood University
9 a.m. to 4 p.m. • $299 (+ $20 materials fee)

CompuKids (Ages 8 to 12)

What’s the difference between bits and bytes? Are you inter-
ested in software and hardware? Receive an introduction to the world of computers and the various programs that can assist you in making these tasks easier! Write a report or story using Word. Produce a presentation with PowerPoint. Learn to record and calculate data with Excel. Explore math and reading games on the Internet.

Instructor: Jeffrey Crompton
Library Assistant, Upper More-
land School District
9 a.m. to 4 p.m. • $299 (+ $20 comp. lab fee)

Harry Potter - Calling All Muggles (Ages 8 to 12)

Unlock the Chamber of Secrets to the Wizarding World of Harry Potter. Discover the magic of “The Boy Who Lived” through fun and challenging book discussions, trivia, games, herbology classes, and more. Step outside the classroom to learn and practice Quidditch. New to the world of Harry Potter? Fear not; an overview of the series will be given, allowing witches and wizards of all levels to participate.

Instructor: Elise Woods
Editorial Assistant, Pearson VUE
9 a.m. to 4 p.m. • $299 (+ $20 materials fee)

Drawing for the Young Artist (Ages 8 to 12)

Develop your creativity in this camp designed to promote your artistic ability. Learn techniques of shading and perspective as you explore a variety of subject matter. Explore beginning life-drawing, object studies, still-lifes, and more in a variety of mediums.

Instructor: Aliza Herman
9 a.m. to 4 p.m. • $299 (+ $20 materials fee)

Week of July 13, 2015
(M-F, July 13 to 17)

Creative Writing for Teens (Ages 13 to 17)

Express your thoughts in short stories, poetry, personal essays, and other genres in our fun, sup-
portive atmosphere, designed to bring out your style! Learn from each other’s work and receive feedback from the instructor. Bring a flash drive, your ideas, energy and creativity!

Instructor: Jeffrey Crompton
9 a.m. to 4 p.m. • $299 (+ $20 materials fee)
SUMMER CAMPS
2015

Gamemaker (Ages 10 to 12)
For full description, see week of June 29.
Instructor: Eileen Spaniak
9 a.m. to 4 p.m. • $299
(+ $20 comp. lab fee)

SeaPerch Robots
(Ages 10 to 14)
2-week camp session
SeaPerch is an innovative underwater robotics program. Working in groups, you will build an underwater Remotely Operated Vehicle (ROV) while learning about robotics, engineering, science and mathematics (STEM). Building a SeaPerch ROV teaches the basics of ship and submarine design and encourages students to explore naval architecture and marine and ocean engineering. Teams will test their robots, competing in multiple challenges in the campus pool (campers do not need to get in the pool; no swimming abilities are required). Prizes will be awarded based on design, planning and competition skills.
Instructor: Staff, Temple University College of Science and Technology
M-F, July 13 to 24
9 a.m. to 4 p.m. • $575
(+ $20 comp. lab fee)
NOTE: This is a 2-week camp session.

Introduction to Photoshop CS6 (Ages 10 to 14)
PhotoShop is the leading photo-editing program. Artists, photographers, and designers rely on Adobe Photoshop for top-notch image creation and editing. Discover the fastest and most effective ways to use Photoshop. Topics will include understanding the Photoshop work-space, re-sizing, rotating and cropping images, correcting color, retouching images, and more. Campers will have opportunities to work with their own existing photos or capture new ones for use in their projects.
Instructor: Justin Mansor, MEd Teacher, Achievement House Cyber Charter School
9 a.m. to 4 p.m. • $299
(+ $20 comp. lab fee)

Create Your Own Comics and Cartoons (Ages 8 to 12)
Instead of reading the Sunday funnies or watching cartoons on Saturday morning, learn techniques to create your very own! Explore how to invent characters and develop a storyline. Learn to apply different drawing techniques so you can illustrate your comic strip or cartoon. Concentrate on facial expressions, drawing unique characters, writing letters in bubbles, and illustrating perspective and space. An active imagination is a must for this camp!
Instructor: Aliza Herman
9 a.m. to 4 p.m. • $299
(+ $20 materials fee)

Adventures in Reading (Ages 10 to 14)
Join us on an adventure as we bring books and characters to life. Each day, we will explore a variety of different genres including fiction, fantasy, historical fiction, and more. Through fun, hands-on activities, we’ll discover more about the time period, plot and characters of the books we read. Join us as we make reading fun and dive deeper into our favorite books and authors.
Instructor: Kate Tiedeken Teacher, Upper Moreland Intermediate School
9 a.m. to 4 p.m. • $299
(+ $10 materials fee)
NOTE: Book list will be mailed with camp confirmation packet.

Week of July 20, 2015
(M-F, July 20 to 24)

Music and Voice Production Camp (Ages 13 to 17)
Discover the amazing world of the recording industry. Develop your skills in songwriting, music recording, voice-overs and audio equipment operation. Create your own songs and voice scripts and work as both talent and/or crew on fun projects such as voice commercials, TV and radio announcements and even recording your very own hit song! This camp was created by two-time Grammy Nominated Music Producer, James Cravero.
Instructor: Staff, East Coast Recording Co.
9 a.m. to 4 p.m. • $325
(+$35 materials fee)
NOTE: Early bird discount does not apply. Campers will receive one audio CD with all of their camp recordings.

Screenwriting for Teens (Ages 13 to 17)
Discover the basics of putting together a screenplay. Campers will learn the basics of character development, how to structure a story from beginning to end, create storyboards, and write a screenplay using proper Hollywood format.
Instructor: Matt Mullen Teacher, Devon Preparatory School
9 a.m. to 4 p.m. • $299
(+ $20 materials fee)

Register by phone 267-468-8500.
Webmasters - Dreamweaver CS6 (Ages 10 to 14)
Discover a set of tools for creating websites using Adobe Dreamweaver CS6. Topics include understanding the Dreamweaver workspace, setting up a web project, using the insert and assets panels, inserting images and text, creating and editing HTML, creating and modifying cascading style sheets and learning basic design principles.
Instructor: Justin Mansor, MEd 9 a.m. to 4 p.m. • $299 (+ $20 comp. lab fee)

Science Explorers (Ages 8 to 12)
Can you make a square bubble, or bounce an egg? Can you make a super-ball out of glue? Yes, you can! Make a film canister rocket that can fly two stories high and create an egg capsule to protect it as it is dropped off the second floor balcony. Design a roller coaster for a marble. This and much more! Come explore the amazing world of science!
Instructor: Jeanmarie Weir Substitute Teacher, Quakertown Community School District 9 a.m. to 4 p.m. • $299 (+ $20 materials fee)

Creative Writing (Ages 8 to 12)
Express your thoughts in short stories, poetry, personal essays, and other genres in our fun, supportive atmosphere, designed to bring out your style! Learn from each other’s work and receive feedback from the instructor. Bring a flash drive, your ideas, energy and creativity!
Instructor: Jeffrey Crompton 9 a.m. to 4 p.m. • $299 (+ $20 materials fee)

Week of July 27, 2015
(M-F, July 27 to 31)

NEW
Moviemaking for Teens (Ages 13 to 17)
Calling all film and movie lovers! Discover how to take a pre-existing script or screenplay and turn it into a movie. You will learn some acting basics and camera usage while filming. Then, transition into a post-production phase where you will learn how to edit and publish your work.
Instructor: Matt Mullen 9 a.m. to 4 p.m. • $299 (+ $20 materials fee)

NEW
SeaPerch II Robots (Ages 10 to 14)
2-week camp session
Prerequisite: SeaPerch Robots I camp or participation in a school-based robotics program. This advanced camp incorporates various technologies into the construction and competition of your SeaPerch. Working in groups, you will build an underwater Remotely Operated Vehicle (ROV) while learning about robotics, engineering, science and mathematics (STEM). Teams will test their robots, competing in multiple challenges in the campus pool (campers do not need to get in the pool; no swimming abilities are required). Prizes will be awarded based on design, planning and competition skills.
Instructor: Staff, Temple University College of Science and Technology M-F, July 27 to August 7 9 a.m. to 4 p.m. • $575 (+ $20 comp. lab fee)

NOTE: This is a 2-week camp session.

Geocaching Adventure Camp (Ages 12 to 16)*
Geocaching is a worldwide treasure hunt that utilizes a handheld GPS unit, a good set of eyes and a bit of hiking. It’s a real-life adventure game where puzzles and challenges await you at each turn. Experienced staff will guide you as you learn how to use GPS for geocaching, explore the outdoors as you search for hidden containers, and design your own geocaching course.
Instructor: Staff, GeoVentures 9 a.m. to Noon. • $185

The Wilderness Games (Ages 12 to 16)*
The Wilderness Games are about to begin and you have been chosen as the tribute to represent your District. Learn how to move stealthily through the forest, build nature shelters, camouflage yourself, navigate the outdoors, track one another and pack essential gear. If you enjoyed the Hunger Games series, then you will definitely enjoy this camp!
Instructor: Staff, GeoVentures 1 to 4 p.m. • $185

*Register for both camps (morning and afternoon) offered in partnership with GeoVentures and receive a $10 discount, per camp. Early bird discount does not apply to these camps.

Register online at ambler.temple.edu/camps.
Jumpstart! Reading Games and Math Games (Ages 8 to 12)
Get a head start on preparing for the school year and have fun at the same time. By using games as a learning technique, campers will spend the morning improving basic reading comprehension and spelling skills. In the afternoon, there will be games that focus on math skills. Use board games, active play and computer games to keep your math skills sharp. We will review multi-grade-level skills in reading and math.
Instructor: Jeanmarie Weir
9 a.m. to 4 p.m. • $299 (+ $20 materials fee)

NEW DOLLS
American Girl Doll Adventures (Ages 8 to 12)
Travel through history with your favorite American Girl doll! You and your doll will enjoy a week complete with crafts, scrapbooking, games, creative writing activities and more! We’ll focus on specific historic periods reflective of some of the American Girl dolls in order to discover what life was like growing up during those times. From Felicity to Josefina to Samantha to Kit, you can expect everything from delightful tea parties to historical and literary fun that will last throughout the ages! The week will conclude with a tea party perfect for girls and their dolls.
Instructors: Kate Tiedeken and Jeffrey Crompton
9 a.m. to 4 p.m. • $299 (+ $20 materials fee)

Week of August 3, 2015
(M-F, August 3 to 7)

Lego® Mindstorms™ NXT Robotics for Beginners (Ages 10 to 14)
Discover the Lego® Mindstorms™ NXT Robotics kit to create incredible robot inventions. For full description of this camp, see week of June 29.
Instructor: Andrew Hollstein
9 a.m. to 4 p.m. • $325 (+ $20 comp. lab fee)

Debate for Teens: The Art of Arguing (Ages 13 to 17)
Do you want to learn how to better express your oral thoughts and ideas? This camp will explore arguing in a civilized way. Students will learn how to research and create a well-thought-out argument. You will also learn how to be persuasive when orally presenting the information. Debate topics can be picked on a wide scale and the debate process will be taught and executed within the camp.
Instructor: Betty Ohanian
Teacher, New Hope-Solebury School District
9 a.m. to 4 p.m. • $299 (+ $10 materials fee)

Speak Now (Ages 10 to 15)
Prerequisite: Campers should have a documented diagnosis of stuttering from a speech-language pathologist. Please contact Kim Sabourin at 215-310-8033 prior to registration to determine if your child is appropriate for enrollment. This camp will provide young people who stutter with a supportive environment where they can develop their own goals about speaking and stuttering. Therapeutic activities will help participants learn about the phenomenon of stuttering; develop their own plan for practice; develop strategies to manage the social and emotional challenges; and learn how to communicate to their parents about stuttering. Campers participate in group and individual activities designed to assist them in achieving personal communication goals.
Instructor: Kim Sabourin, MS
Clinical Supervisor & Instructor and Board Certified Fluency Specialist, Temple University
9 a.m. to 4 p.m. • $445

Film and TV Camp (Ages 8 to 15)
Are you interested in acting? Would you like to work behind the scenes as a camera operator, director or a special effects creator? Learn basic and advanced levels of acting for film, television, commercials, news anchoring and even music videos! Learn about camera operation, shot setup, script writing and more. Discover the wide variety of careers available in film and TV.
Instructor: Staff, Wickline Casting
9 a.m. to 4 p.m. • $325 (+ $20 materials fee)

NOTE: Early bird discount does not apply. Orders will be taken for professionally edited DVDs available for purchase.
Jumpstart! Writing and Math Madness (Ages 8 to 12)
Focus on your writing skills and how you can adapt your skills to various types of writing. Be a newspaper reporter, science fiction writer and a children’s book author. Make your own comic strip on the computer. Also, enjoy the fun side of math. Unveil the mystery of word problems. Stump your friends with math puzzles using logical reasoning skills. Decipher the code to discover how to solve all types of simple to complex math problems in a relaxed format. We will review multi grade level skills in writing and problem solving.
Instructor: Jeanmarie Weir
9 a.m. to 4 p.m. • $299 (+ $20 materials fee)

3D Sculpture and Jewelry Class (Ages 8 to 12)
Everyone has their own style. Here’s your chance to put your style and creativity on display! Have fun exploring the use of mixed media, including recycled materials and found objects, to create unique one-of-a-kind, small-scale sculptures and jewelry. Campers are guided through the creative 3D art making process, from conception to production.
Instructor: Aliza Herman
9 a.m. to 4 p.m. • $299 (+ $20 materials fee)

I Survived (ages 8 to 12)
Do you have the ability to think quickly on your feet? Can you stay calm in a scary and stressful situation? From the disaster at Pompeii in AD 79, the sinking of the RMS Titanic in 1912, the Great Molasses Flood of 1919, to the Japanese Tsunami of 2011 real people faced impending doom and somehow survived. This camp will investigate a series of both man-made and natural disasters throughout history from the perspective of the popular Lauren Tarshis book series I Survived. We will examine the background of how and why these disasters occurred and what skills it took for people to survive them. We will also explore local disasters specific to Pennsylvania.
Instructor: Jeffrey Crompton
9 a.m. to 4 p.m. • $299 (+ $20 materials fee)

Lego® Mindstorms™ NXT Robotics: Robot Battles (Ages 10 to 14)
Prerequisite: Lego Mindstorms NXT Robotics: Intermediate Level
Join us for some intense head-to-head competitions, but we will not destroy each other’s robots as you see in typical “battle bots.” Competitions will include battles like Sumo Robots and Robot Jousting. Campers will learn more advanced building and programming while coordinating with other teams.
Instructor: Seth Hogan
9 a.m. to 4 p.m. • $325 (+ $20 comp. lab fee)

Back to School Success (Ages 13 to 17)
Get your mind clear, focused, and ready to hit the books again in the fall. We will cover various topics such as study skills, organization, and test preparation. Join us and get a jumpstart to a successful school year!
Instructor: Jeffrey Crompton
9 a.m. to Noon • $155 (+ $10 materials fee)

Experience the Magic! (Ages 10 to 14)
What could be more fun than learning magic? Spend the week having fun and learning how to do some amazing magic tricks. Campers will learn not only secrets, but also the importance of developing a presentation to go along with each trick. Learn how to generate ideas for stories and plot lines and discover how to tap into your own creativity. Campers will amaze their families and friends with their clever sleight-of-hand and have a chance to perform at the end of the week.
Instructor: Richard “Baba” Cahoone
Professional magician and clown
9 a.m. to 4 p.m. • $299 (+ $35 materials fee)

NEW
Fashion and Machine Sewing Camp (Ages 10 to 14)
Whether you are a budding fashionista with your own sense of style and design, or a crafty kid who craves making a one-of-a-kind panda unicorn, then this camp is for you! With more than 20 sewing patterns and bolts of tempting fabric, there will be enough options and fun to keep you busy for the week! Gain confidence and ownership in whatever you create! All supplies and materials are included.
Instructor: Staff, The Handwork Studio
9 a.m. to 4 p.m. • $425 (materials fee included)
NOTE: Early bird discount does not apply.

Register online at ambler.temple.edu/camps.
What’s the Problem? (Ages 8 to 12)
Learn to solve various problems using your creativity. Working in teams, campers will be given a task and specific items, but limited time to complete the task. Learn how to communicate with each other by sharing ideas on the creation of a finished project. Activities include building a tower to retain a tennis ball and creating a safe car for your crash dummy. Boys and girls will love this hands-on camp!
Instructor: Kyle Badman
9 a.m. to 4 p.m. • $299 (+$20 materials fee)

NEW
Glamorize Your Doll (Ages 8 to 12)
This camp is designed for campers who have the desire to create trendy clothes and accessories for their very own 18” doll. Campers will learn machine and hand-sewing, embroidery, and other embellishing techniques to allow campers to craft their own unique creations for their doll friends. Bring your doll and your imagination. All supplies and materials are included.
Instructor: Staff, The Handwork Studio
9 a.m. to 4 p.m. • $425 (materials fee included)
NOTE: Early bird discount does not apply

College and Teen Prep Courses
In addition to our summer camps, we are pleased to offer college and teen prep courses this summer.

ATTENTION, HIGH SCHOOL JUNIORS AND SENIORS!

SAT Review Workshop
The SAT Review Workshop can help you prepare for the PSAT and SAT exams. Improve your chances of getting into the college of your choice by strengthening your skills and building confidence while learning how to raise your scores. Learn guessing and test–taking techniques that will save time and energy on the exam. SAT Math preparation: learn specific strategies in quantitative analysis and multiple-choice questions. Build the algebra and geometry skills you need to succeed. SAT Critical Reading preparation: strengthen your vocabulary, learn how to analyze unfamiliar words and sharpen your reading comprehension. SAT Writing section: review grammar skills for multiple-choice questions, learn strategies for essay questions and write a practice essay.
Instructors: Eileen Abrams, MA, MEd College writing instructor, academic coach and Andrew Isom, Instructor, Mighty Writers and Math teacher
4 Sat., July 11 to Aug. 1
9 AM to 1 PM
$235 • TUA

Preparing Teens for Money Management (Ages 15 to 17)
This workshop provides the opportunity for teens to learn financial responsibility and financial fitness in the handling of their money. We will focus on financial planning and budgeting, how to use your money wisely, and how to be smart about where your money goes. We’ll cover balancing your checkbook, establishing your credit, wise use of credit cards, how to avoid defaulting on student loans and other debts, accessing information on credit reports, strategies to save money, and how to invest.
Instructor: Jeffrey Crompton
Library Assistant, Upper Moreland School District
Sat., Aug. 8 • 9 AM to Noon
$55 • TUA

Write a College Essay and Resume that Reflect the Real You
This workshop is designed for high school juniors and seniors. Did you know that the college admissions process compares to looking for a job? You may have the qualifications, but not know how to sell yourself. Learn the best ways to present your experiences, activities and personal information on college applications.
Instructor: Linda George
Professional Writing Coach, Award-Winning Writer
Sat., Aug. 8 • 1 to 3 PM
